**When Your Shipment is Time Critical....**

**AMA has the *Solution*. All our customers have to do is follow these simple procedures:**

**NOTIFY US ON A TIME CRITICAL SHIPMENT!**

1. **Pick up must be called in** and an **AMA customer service rep or dispatcher** must be notified of the critical nature of a specific shipment on the call in.
2. On **inbound routed shipments**, the consignee who routes the shipment should take precaution and notify our personnel of this time critical shipment. (**Do not rely on** the shipper to make arrangements as their errant handling will result in the unsuccessful handling of this shipment). The **shipper should mark** the Bill of Lading "Hot Rush Delivery by AM" **along with** contacting us for proper monitoring of the shipment.
3. **Check** with our personnel for applicable service points.
4. **Time Critical Service Charges** will be applied in addition to normal pricing.
5. **Rural Service Area** outside major market cities may be assessed at a higher rate than listed.
6. **Time Critical Service** should be indicated on the Bill of Lading by stamp or handwritten and **highlighted**. In the event that this designation is not indicated but services are requested and performed, the additional T/C charges will be enforceable.
7. Your shipment will be **monitored** from pick up to delivery. We can now **notify** you and the customer of any delays or problems that exist.
8. This service is subject to **normal business conditions**. Money back refunds will not be applicable on late shipments due to bad weather, state of emergency or war, act of God or other unusual situations that may prevent the control of normal or prudent operations.

Your **communications** and **compliance** or **procedures** is **essential** to the **successful handling** of these shipments.
