Notice of General Rate Increase

March 27, 2017

Dear Valued Customer:

AMA Transportation Co., Inc. is dedicated to meeting and exceeding all the service needs of both you – our customer, and as importantly – your valued customers, with quick dependable and flexible L.T.L. and truckload freight services. In order to fulfill our continued commitment to provide the premium quality service our customers require and deserve, we must implement a general rate increase as follows:

- **Class rate base tariffs:** Increase on average of 3.9% based on the weight break and lane adjustments. Applicable on LTL – 0-20M & minimum change.
- **Minimum charge floors:** Increase ranging from \$3.00 to \$5.00.
- **Unit rate tariff:**
 - **Intra New England states:** average ranging \$3.00 per pallet.
 - **NY, NJ, PA** – average ranging \$5.00 per pallet.

Clients that are under contractual agreements will not be subject to this general tariff increase.

Effective Date: April 24, 2017

Despite our best efforts to sustain operating efficiencies, we now face the reality of cost increases that are beyond what we can fully absorb. This rate adjustment is based on escalating operating cost in insurance, security, healthcare, equipment upgrade, communications, taxes, toll increases, labor increases, and increased government regulations. Please be aware that we are working diligently on all internal efficiencies so we can sustain long-term value to our customers.

We thank you for selecting us as your transportation service partner. We appreciate and value your business, and look forward to our future service partnership. We remain committed to our customers and our ability to provide a positive service reflection of them.

If you have any questions or need updated information, please call your sales rep at 1-800-322-3210.

Best regards,

Traffic Department
AMA Transportation
