### Notice of General Rate Increase

Dear valued customer,

AMA Transportation Co. Inc. is dedicated to meeting and exceeding all the service needs of both you-our customer, and most importantly-your valued customers with quick and dependable and flexible L.T.L. and truckload freight services. In order to fulfill our continued commitment to provide the premium quality service our customers require and deserve, we must implement a general rate increase as follows:

- **Class rate base tariffs:** Increase on average of 5.3% based on the weight break and lanes. Applicable on L.T.L.-0-20M & minimum charge.
- **Minimum charge floors:** Increase ranging from \$4.00
- **Unit rate tariff:** \$4.00 per unit
- **All customers under a contractual arrangement will be re-evaluated on their anniversary date.**

Effective Date May 7, 2018

We have exhausted all efforts to sustain operating efficiencies. We now face the reality of cost increases that are beyond what we can fully absorb. This rate adjustment is based on escalating operating costs in insurance, security, healthcare, **ELD-mandate**, equipment upgrades, communications, taxes, toll increases **driver shortages** and increased government regulations in the industry. Please be aware that we are working diligently on all internal efficiencies so we can sustain long-term value to our customers.

We thank you for selecting us as your transportation service provider. We appreciate and value your business and look to our future service partnership. We remain committed to our customers and our ability to provide a positive service reflection of them.

If you have any questions or need updated information, please call your sales rep or our pricing department at 1-800-322-3210 x118

Best Regards,

Traffic Department  
AMA Transportation Co. Inc.
